**A Weaking**  
is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food, the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. Sold by J. W. Owens, Protem, Mo.

**Garber.**  
JAY KAY ROSS.

According to the plans and specifications of the weather prophets August is to be hot and dry, and that their plans are being carried out most of our farmers will agree, and the last week in July thrown in for good measure. While corn is not just now at the danger point rain is needed to fill out the ears, and if not forthcoming this week the crop will be materially curtailed. Some of our people are getting ready to go to Kansas and Oklahoma to avoid the expense of buying cattle feed. On the other hand the tomato crop is just getting ready for the canneries, and all who put out a tomato crop will, with the help of old "Biddy," be in very good shape for the coming winter.

Peaches on the ridge are ripening, and the housewives are busy canning them for winter store.

Albert Miller, who has been living on the old Garber farm, moved last week to his own place, the Stark farm, about two miles east of Gretna. Mr. Miller is trying to get the owners of cows interested in the cream business, as he is preparing to put up a creamery at or near Branson. This will make a market for all the cream in the surrounding country, and Mr. Miller should be given all possible encouragement in this enterprise, as it would mean dollars to where there are now nickels, to those who keep cows on the free pastures.

Another boy arrived at the home of Calvin Jones Friday morning, and Calvin now thinks he will be obliged to move to more extended cornfields in order to give the boys work.

The father and brothers of G. W. Groblebe came down from Springfield last week with their fishing tackle and spent three or four days on White river, returning home Saturday evening with their trophies on a string.

J. W. Vining is laid up with a catarrh on his hand. Dr. Irwin cut it open yesterday, but it promises to be a very sore hand for several days yet.

Candidates were very friendly with our people last week, and needless to add, each was certain that he was the right and fortunate man for the place he sought. However tomorrow is thinning out day, and we fear the August sun and heat will prove very willing.

But few of our people will take the time and incur the expense to attend the primary, on account of the distance, and will waive their choice for candidates for the various offices, state and county. When the people have a chance to choose they prove indifferent. When many of the best citizens stay at home while the political boomer is always at the polls ready to boost the most undesirable material, how can we expect the best men for office.

**Why James Lee Got Well.**  
Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Huston's drug store. 50c. and \$1.00. Trial bottle free.

**Hillcrest.**  
WANDERING JEW.  
This ridge is needing rain.  
Frank Catrell and family have removed to Charleston county.  
Mrs. Daisy Short is still at the bedside of her sister, Mrs. Bessie Boyd, who is very ill at Branson.  
Report says there was a "hoe-down" at Dick Lathrop's Wednesday night.  
Ola Dewier, who has spent the summer at Arcola, is at home again and looking well as ever.  
Miss Virgie Burger was a caller at this burg yesterday.

The united forces of Swan, Hillcrest and Bright Hope districts were working the roads last week.

Peaches are ripening, but the crop here is limited. Mr. Corliss has some as large as a pint cup, more or less.

Sheep owners in this vicinity are awaiting the coming of a buyer to dispose of their surplus stock. If some enterprising candidate would come along and buy our stock at good prices we think he would get all our votes.

Ragsdale & Adams started to Ozark today with a bunch of cattle. Joe Kinyon assisted the drivers.

Bids are being sent on the new mail route from Rili to Swan via Hillcrest. The route is inconvenient and is meeting with strong opposition.

The Rev. Mr. Miles will preach at Lone Star tomorrow.

Did anyone notice the beautiful sunset a few evenings ago? The western horizon was a mass of pink and gold, with wavy lines of golden vapor drifting like "flames of souls mounting up to God."

**Excellent Health Advice.**

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Huston's drug store. 50c.

**Bradleyville.**  
N. COOCHES.

The picnic Friday and Saturday was well attended. Refreshments were served from three lemonade and three ice cream stands. Several candidates from Forsyth were present, including Messrs. Ambrey, McConkey and Adams, chaperoned by Walter Moore. J. H. Wood, of Goodloe, was also present. The only marbling features were the riots and disorderly conduct resulting from the proximity of the Brown Branch distillery. Why do not the voters put down this terrible evil, when they see their own brothers and sons degrading themselves in public and endangering their own lives and those of their fellow creatures?

Miss Lizzie Mackay arrived here Saturday enroute to Rome, to visit her brothers and sisters there. The Mackay family were residents of Bradleyville some years ago. Miss Mackay has been in Oklahoma with her mother for some time.

Lish Mosley recently brought two loads of wheat to Bradleyville and sold them to our miller.

McPherson & Slusher have moved a portion of their merchandise into the large addition to the rear of their store building.

The sick members of the Golden family are all convalescing, Miss Anna and Master Ed being able to attend Sunday school.

The meeting conducted by the Rev. Mr. Nowlin came to a close last Tuesday night.

School took a vacation Friday on account of the picnic.

Four photographers with their cameras were on the picnic grounds Saturday. Mr. Bishop, Forsyth, Mr. Jones, a traveling photographer who has been with us for some time, and Miss Harris, our native "picture woman, were among them.

Mr. and Mrs. Henry Westmoreland, who have been in Oklahoma for some time, are visiting in the home of Mrs. W's brother, Monte Slusher.

Mr. John Martin and Miss Jennie Walker, both of Witty, were married last Sunday.

The deputy sheriff, in the person of George Adams, was here last week serving notice on election officers to be on hand Tuesday morning.

**For Sore Feet.**  
"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at Huston's drug store. 25c.

**Walnut Shade.**  
DENNIS.

Very quiet politically.

Those fine rains did a lot of good.

The W. P. Weatherman sale was well attended and things brought fair prices.

P. and C. C. Weatherman left Tuesday for the far west with their families. J. A. Weatherman was on Bull creek Sunday, in the interest of Artie Parrish for circuit clerk.

Ease Scribner and family visited the home folks Friday and Saturday. They report everything "O. K." on the south side of the river.

Reese McPherson, of near Highlandville, has been looking after things on his farm a mile and a half above the Shade, on Bull creek.

Leonard Cummings and Leonard

Cook have returned to Taney county after a brief absence in the hay fields.

T. B. Wright, of near Kirbyville, was over one day last week spinning yarns with your correspondent.

Numerous candidates were making a final round-up of this section last week, among them being Col. Prather, D. F. McConkey and G. R. McFarland.

Wm. Hensley has bills posted for a big sale at his home on the 10th inst. We have lost something when a man like Mr. Hensley leaves the community.

Miss Lily Estep and her mama visited in the V. A. Cummings home Tuesday.

J. W. Estep, with paper and pencil, is acquiring information in regard to the value of property.

N. H. St. Clair has resigned his office as justice of the peace, and the court is asked to appoint J. C. Palmer in his stead.

John Patterson and Albert Campbell of Branson are pushing the tie business, paying 12 1/2 cents for making.

The picnic ground rights were sold here Saturday, bringing \$49. Don't forget that this \$49 will buy fat beef for all picnickers on the 14th and 15th. Come and have a good time.

V. A. Cummings has installed in his home, with half a hundred records, for the entertainment of the young folks, a fine new phonograph.

The Sunday school is still moving along nicely.

James Cummings is putting in his vacation at Piedmont, Kansas.

Alfred and Lily Estep returned Saturday from Cherryvale, Kansas, where they had been visiting for three weeks with relatives and Taney county friends.

Uncle Joe Estep is now living near Cedar Shade. Joe Jr. is boarding with "pap" and going to school at Walnut Shade.

Your correspondent likes the Wm. H. Johnson road idea. If we ever solve the good roads problem we have a sure thing on the future, for with good roads we have the best country that can be imagined—and they are within our reach whenever we become as much interested as we should be.

A. J. Hicks was doing business in this locality last week.

Miss Lizzie Johnson took a special examination before School Commissioner D. B. Palmer last week.

The corn prospect looks flattering, considering the severe "dry spell" it went through in June and July.

V. A. Cummings is still handing out those high grade shoes at about half price, and other things in proportion. He handles dirt, too.

**Cured Hay Fever and Summer Cold.**

A. S. Noebbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by all druggists.

**Oasis.**  
MIRK.

We wish to say that we have neither dried up nor blown away, despite our long silence. We've been fighting the weeds, ticks and chiggers. If that would not keep a fellow silent we should like to know what would.

My, but those showers made things straighten up! Things looked pretty sorry, but now we have a fair prospect for a crop.

Uncle Hense Hampton is putting in a string of wire fence. The merchant is also doing the same.

F. A. Foote finished sowing a patch of peas and millet last week.

Willard Jones and John Burnett have been hauling lumber from Pine-top to the railroad.

Our merchant is making preparations for putting in a concrete forebay at the mill-dam.

J. W. Ahern and Louis Snowden have been at Galena the past week in the interest of the Fanning rights.

W. M. White shipped a load of cattle last week.

Receipts made by Col. Prather for subscriptions, advertising or job work will be honored at the publication office in Forsyth.

### LOCAL ITEMS

Comrade Griffin has been making a raid on the coons, catching an old and several young ones which were domiciled in an old hollow tree.

Mrs. Bessie Napier, nee Farley, who has resided in Wyoming for several years, is here on a visit to her mother, Mrs. Farley-Davis. We are glad to welcome her back to Old Taney, the direction in which they all gravitate.

Charley Ray, after a protracted absence out west, blew in Saturday.

Mr. King, who used to live over in the Beaver country, is on a visit to relatives and friends.

Orville Thurston, who married Miss Mina Davis, daughter of C. M. Davis, wife and children, are visiting home folks.

We regret to learn that Cal. Cook sustained serious injury to his game leg by the horse he was riding running against a tree.

There was a large attendance at the election here, and Sam cannot find sufficient words to express his appreciation of the confidence of his home people.

Everything was quiet and orderly at this place, and the new election law, with all its defects, has eliminated booze and hoodlums, which is a long step in the direction of decency.

Lawrence Ray was visiting the parental home Sunday.

Mr. Stornberg, who lives on the old Jimmy Sullenger place, has gone back to resume his job as railroad track foreman. Mr. S. has made many friends during his stay with us. He has rented his farm to Mr. Wood.

We are sorry to hear of the serious illness of Comrade O. H. Pierce, and hope for his speedy recovery.

Sam and Betsy made a pleasant trip over to their mineral prospect Sunday. Betsy says she had the time of her life riding along under the cool shade along Beaver, crossing its clear waters and drinking the lovely scenery. She says Sam is the "catenest" man she ever saw, the way the grub disappeared as they ate their dinner under the trees, and Sam retorts by saying that he didn't eat all he wanted to because Betsy was making things disappear so rapidly. They met many friends enroute and at their homes—Messrs. Davidson, Kershner, Soutte, Wampler, Grant, Wood, Kessinger, and others. Mr. Wampler has a beautiful farm on Beaver, covered with corn, grass and alfalfa. We did not see the "Sage of Beaver," and conjecture that he was out in the hills prospecting.

A revival meeting held here under the auspices of the M. E. church closed the middle of last week. Quite a number of our people united with the church and were baptized in the Swan. The probability is that a large membership of that church will be built up here, which means much for time and eternity.

We learn by wireless that the school house at Holphrey stands out bold and rugged in its unpainted beauty.

It is remarked by old campaigners that this campaign has been one of the most quiet ever known in the county.

There was but little friction and backbiting, and no apparent hard feelings have been engendered. In some cases rival candidates worked side by side.

John Wood is certainly entitled to credit for the campaign he made all over the county on foot; and now that it is all over and the tickets selected we will all take a needed rest, and the busy housewives can begin to save up something for winter.

Mrs. J. N. Ray is slowly improving. The Dickens school room looks fine with its new automatic seats. Next in line is a new fence and some shade trees.

Comrade Charles Clemons has presented the G. A. R. post with a fine gavel made from the wood of an elm tree planted by Abraham Lincoln at Springfield, Ill. It has a handle made from a lath taken from the old Lincoln home when the old house was torn away and the tree cut down to make room for a larger house. The post returns its thanks to the kind donor and will long cherish this most interesting memento.

Our public school opened Monday in charge of Prof. Hendryx, of Protem, who has brought his family to this place.

**The Caudel Back Line.**  
William Caudel desires to inform the public and his friends that he will continue to run his back line from Chadwick to Forsyth. Not being bothered and delayed by carrying the United States mails after July 1, he can make better time, and devote his entire time, energy and attention to the rapid and safe conveyance of his patrons. He has purchased new hacks,

and is thoroughly equipped to render prompt and satisfactory service.

Thanking his old and time-tried friends and the traveling public for all past favors, he hopes by strict attention to business and consideration of their requirements, to receive a continuance of their valued patronage.

He will convey passengers to any destination they desire at prices which will prove satisfactory to all concerned.
